

10 ARROWTOWN RESIDENTIAL HISTORIC MANAGEMENT ZONE

10.1

Zone Purpose

This Zone covers the older part of the residential settlement of Arrowtown. The area has a distinctive character and atmosphere which has evolved from the development pattern set at the time of early gold mining in the District.

The purpose of this zone is to allow for the continued sensitive development of the historic area of residential Arrowtown in a way that will protect and enhance those characteristics that make it a valuable part of the town for local residents and for visitors attracted to the town by its historic associations and unique character.

In particular the zone seeks to retain the early subdivision pattern and streetscape, and ensure future development is of a scale and design sympathetic to the present character.

Unlike other residential zones, infill housing is not anticipated. However, Residential Flats are provided for to increase the diversity of residential accommodation in the zone.

The Town Centre Transition Overlay provides for limited expansion of commercial activities in an identified location adjoining the town centre. Any modifications to existing buildings or properties are expected to retain the historical character and qualities of the Old Town Residential Area.

10.2

Objectives and Policies

10.2.1 **Objective – Ensure development retains or enhances the historic character of the zone, which is characterised by larger section sizes, low scale and single storey buildings, the strong presence of trees and vegetation and limited hard paving.**

- Policies
- 10.2.1.1** Apply particular development controls around building location, scale and appearance, and landscaped areas, to ensure the special character of the area is retained or enhanced.
 - 10.2.1.2** Ensure that any buildings are located and designed in a manner that complements and respects the character of the area and are consistent with the outcomes sought by the Arrowtown Design Guidelines 2016.
 - 10.2.1.3** Control the subdivision of land and regulate density to ensure the character resulting from the existing large lot sizes and historical subdivision pattern is retained.

10.2.2 **Objective - Enable residential flats as a means of providing affordable housing while generating minimal adverse effects on amenity values.**

- Policies
- 10.2.2.1** Provide for residential flats of a compact size that do not compromise the integrity of the zone's special character.

10.2.3 Objective - Provide for community activities and services that are generally best located in a residential environment close to residents.

Policies **10.2.3.1** Enable the establishment of small scale community facilities and activities where adverse effects on the character and amenity values of the area in terms of noise, traffic and visual impact can be avoided or mitigated.

10.2.4 Objective - Ensure development efficiently utilises existing infrastructure and minimises impacts on infrastructure and roading networks.

Policies **10.2.4.1** Ensure access and parking is located and designed to optimise efficiency and safety, and designed in sympathy with the character of the area.

10.2.4.2 Seek low impact approaches to storm water management.

10.2.5 Objective – Maintain residential character and amenity.

Policies **10.2.5.1** [Withdrawn.]

10.2.5.2 Ensure that any commercial and non-residential activities, including restaurants, maintain or enhance the amenity, quality and character of the zone and surrounding area.

10.2.5.3 Avoid non-residential activity that would undermine the amenity of the zone or the vitality of Arrowtown’s commercial zone.

10.2.6 Objective - The Arrowtown Town Centre Transition Overlay provides for non-residential activities that provide local employment and commercial services to support the role of the Town Centre Zone.

Policies **10.2.6.1** Provide for commercial activities that are compatible with the established residential scale, character and historical pattern of development within the Arrowtown Town Centre Transition Overlay.

10.2.6.2 Limit retailing in the Town Centre Transition Overlay to ensure that the Town Centre Zone remains the principal focus for Arrowtown’s retail activities.

10.2.6.3 Development is sympathetic to the historical pattern of development and building scale.
