

**Appendix 1: Response to Submissions Version of the PA Schedules, Landscape Capacity Summary Table**

**KEY**

<b>S</b>	<b>Some</b> landscape capacity
<b>L</b>	<b>Limited</b> landscape capacity
<b>VL</b>	<b>Very Limited</b> landscape capacity
<b>VL-N</b>	<b>Very Limited to No</b> landscape capacity
<b>N</b>	<b>No</b> landscape capacity
<b>S / L / VL / N</b>	Landscape capacity rating in notified PA Schedule

	Capacity rating comment includes location specific guidance
	Capacity rating comment includes character specific guidance (including scale in some instances)
	Capacity rating comment includes location and character specific guidance (including scale in some instances)

# Appendix 1: Response to Submissions Version of the PA Schedules

## LANDSCAPE CAPACITY : SUMMARY TABLE

FINAL • August 2023

Note: Reference to 'with exceptions' generally corresponds to a capacity rating where there is an alternate lower rating recommended for a specific part of the PA (eg visitor accommodation in 21.22.2), the exception applies to a specific type of development (eg consented homesites in 21.22.1 where an 'alternate' rating is not specified), a localised area where there is a varying capacity identified (eg rural living in 21.22.22). In a very few circumstances (eg mineral extraction in 21.22.23) the rating is N with exception, the entry is coloured green as the exception provides for a specific character/scale of activity. In a very few circumstances, the notified rating included no character or location specific guidance and there are no submissions seeking any changes in this regard (eg commercial scale renewable energy generation in 21.23.3 and 21.23.4).

This table is intended as a tool to assist analysis and the reader should refer to the PA Schedules and Preambles for a full understanding of the landscape capacity rating and comments.

Priority Area	Commercial Recreation Activities	Visitor Accommodation	Tourism Related Activities (Resorts)	Urban Expansions	Intensive Agriculture	Earthworks	Farm Buildings	Mineral Extraction	Transport Infrastructure	Utilities and Regionally Significant Infrastructure	Renewable Energy Generation: commercial scale	Renewable Energy Generation: small scale.	Forestry	Rural Living	Passenger Lift Systems	Jetties, Boatsheds, Moorings and Lake Structures	Rural Industrial Activities	Community Recreation Buildings
21.22.1 Peninsula Hill PA ONF	VL	N (with exceptions) N	N	N	N	VL	VL	N	VL (with exceptions) N	L	N	VL	N	VL-N N				
21.22.2 Ferry Hill PA ONF	VL	VL (with exceptions) N	N	N	N	VL	VL	N	VL (with exceptions) VL-N VL (with exceptions) N	L	N	VL-N N	N	VL-N N				
21.22.3 Shotover River PA ONF/L	S	VL (with exceptions) N	N	N	N	VL	VL-N N	N	VL (with exceptions) N	L	N	VL-N N	N	VL-N N				
21.22.4 Morven Hill PA ONF	L	VL	N	N	N	VL	VL	VL	N	L	N	VL	N	N				
21.22.5 Lake Hayes PA ONF	L	N	N	N	N	VL	N	N	VL (with exceptions) N	L	N	N	N	N		N		
21.22.6 Slope Hill PA ONF	VL	VL (with exceptions) N	N	N	N	VL	VL	N	VL (with exceptions) N	L	N	VL-N N	N	VL-N N
