To: The Registrar
Environment Court
Christchurch

1. Longview Environmental Trust ("the Trust") wishes to be a party to the following proceedings:
 - (a) *Allenby Farms Limited v Queenstown Lakes District Council*
ENV-2018-CHC-148
2. The Trust made submissions about the subject matter of the proceeding (OS 659; FS 1282) and has an interest in the proceedings greater than the public generally being a Trust set up to facilitate native revegetation and restoration with a particular interest in the retention and protection of the District's landscape values.
3. The Trust is not a trade competitor for the purposes of section 308C or 308CA of the Resource Management Act 1991.
4. The Trust is interested in the whole of the appeal which is subject to this proceeding. In particular, the Trust has an interest in the following provisions:
 - (a) Strategic Objective 3.2.5;
 - (b) Strategic Objective 3.2.5.1;
 - (c) Strategic Policy 3.3.0; and
 - (d) Policy 6.3.12.
5. The Trust opposes parts of the relief sought because:
 - (a) It seeks to relax provisions around subdivision and development which does not promote the District's landscape values or the District's Outstanding Natural Landscapes and Outstanding Natural Features;

- (b) It is appropriate to restrict development in any Outstanding Natural Landscapes and Outstanding Natural Features to exceptional cases where the applicant can demonstrate that the landscape or feature can absorb the change. These changes should be assessed in the wider landscape context rather than being restricted to the immediate development site.
 - (c) The decisions version of the Proposed District Plan Stage 1 provides a suitable balance between subdivision and development while also promoting the District's landscape values
 - (d) In all other respects the decisions version of the Proposed District Plan Stage 1 should be maintained.
6. The Trust agrees to participate in mediation or alternative dispute resolution.
