

## 18A General Industrial Zone

### 18A.1 Purpose

The purpose of the General Industrial Zone is to provide for the establishment, operation and long term viability of Industrial and Service activities. The Zone recognises the significant role these activities play in supporting the District's economic and social wellbeing by prioritising their requirements, and zoning land to ensure sufficient industrial development capacity.

The Zone seeks to ensure a range of site sizes are available, including for those Industrial and Service activities which require larger buildings and more space for the purpose of outdoor storage, manoeuvring and parking vehicles including heavy vehicles. The role that ancillary Office, Retail and Commercial activities play in supporting Industrial and Service activities is recognised and provided for. Activities and development that would not primarily result in sites being used for Industrial and Service activities are avoided.

While the Zone seeks to provide for land uses more commonly associated with noise, glare, dust, odour, shading, visual and traffic effects and other similar effects, it also seeks to manage activities and development to ensure that appropriate levels of amenity are achieved for people who work within and visit the Zone, and to avoid adverse amenity effects on land located outside of the Zone.

### 18A.2 Objectives and Policies

**18A.2.1 Objective - Industrial and Service activities are enabled within the Zone and their long-term operation and viability is supported.**

#### Policies

18A.2.1.1 Enable a diverse range of Industrial and Service activities that provide benefit in the form of economic growth and skilled employment opportunities.

18A.2.1.2 Enable Office, Retail and Commercial activities that are ancillary to Industrial or Service activities.

18A.2.1.3 Enable the operation of food and beverage retail activities which serve the daily needs and convenience of workers and visitors to the Zone.

18A.2.1.4 Recognise that Industrial and Service activities have the potential to create noise, glare, dust, odour, shading, traffic effects and other effects that can be incompatible with activities that are enabled in adjacent or nearby non-industrial zones.

18A.2.1.5 Manage subdivision and development within the Zone to ensure that sites are well suited to serving the needs of a diverse range of Industrial and Service activities now and into the future.

**18A.2.2 Objective – The establishment, operation and growth of Industrial and Service activities within the Zone is not undermined by incompatible land uses.**

#### Policies

18A.2.2.1 Avoid the following activities that are not compatible with the primary function of the Zone and have the ability to displace or constrain the establishment, operation and long term viability of Industrial and Service activities:

- a. Office, Retail and Commercial activities that are not ancillary to Industrial or Service activities
- b. Trade Suppliers
- c. Large Format Retail
- d. Residential Activity, Residential Units and Residential Flats, and
- e. Visitor accommodation, Residential Visitor accommodation and Homestay activities.

18A.2.2.2 Avoid the cumulative establishment of activities and development within the Zone that would undermine the role played by town centre and other key business zones as the District's strategic hubs of economic activity.

18A.2.2.3 Limit the scale, location and function of Office, Retail and Commercial activities to ensure they are ancillary to Industrial or Service activities.

18A.2.2.4 Ensure all Office, Retail and Commercial activities are constructed and operated to mitigate adverse reverse sensitivity effects to Industrial or Service activities.

18A.2.2.5 Limit the scale, location and function of food and beverage related commercial activities within the Zone to ensure they serve the direct needs of workers and visitors to the Zone or directly relate to and support the operation of an Industrial activity.

**18A.2.3 Objective - Activities and development within the Zone provide a level of amenity which make it a pleasant, healthy and safe place to work in and visit.**

#### **Policies**

18A.2.3.1 Manage activities and development, both within sites and at their interface with public spaces, to ensure that people working in and visiting the Zone enjoy a pleasant level of amenity while recognising that the type of amenity experienced within the Zone may be lower than that anticipated within zones intended to accommodate more sensitive land uses.

18A.2.3.2 Control the location of ancillary Office, Retail and Commercial activities and encourage them to actively engage with the street frontage and public places.

18A.2.3.3 Control the bulk, location, design, landscaping, screening and overall appearance of sites and buildings, incorporating where relevant, the seven principles of Crime Prevention through Environmental Design (CPTED) to ensure they contribute to a quality, healthy and safe built environment while meeting the functional needs of Industrial and Service activities.

18A.2.3.4 Control activities and development by applying sound insulation ventilation standards or other appropriate mitigation to ensure they are not significantly adversely affected by Industrial and Service activities or by airport noise.

**18A.2.4 Objective - Activities and development within the Zone are undertaken in a way that does not adversely affect the amenity of other zones.**

18A.2.4.1 Manage noise, glare, dust, odour, shading, visual and traffic effects of activities and development within the Zone to ensure the amenity of other zones is not adversely affected, including through the use of Building Restriction Areas.

18A.2.4.2 Manage adverse effects of activities on the visual amenity of main gateway routes into Queenstown, Wanaka and Arrowtown through the use of landscaping and by controlling the bulk and location of buildings and development.

### 18A.3 Other Provisions and Rules

#### 18A.3.1 District Wide

Attention is drawn to the following District Wide chapters.

1 Introduction	2 Definitions	3 Strategic Direction
4 Urban Development	5 Tangata Whenua	6 Landscapes and Rural Character
25 Earthworks	26 Historic Heritage	27 Subdivision and Development
28 Natural Hazards	29 Transport	30 Energy and Utilities
31 Signs	32 Protected Trees	33 Indigenous Vegetation and Biodiversity
34 Wilding Exotic Trees	35 Temporary Activities and Relocated Buildings	36 Noise
37 Designations	38 Open Space and Recreation	39 Wāhi Tūpuna
Planning Maps		

#### 18A.3.2 Interpreting and Applying the Rules

18A.3.2.1 A permitted activity must comply with all the rules listed in the Activity and Standards tables, and any relevant district wide rules.

18A.3.2.2 Where an activity does not comply with a Standard listed in the Standards table, the activity status identified by the 'Non-Compliance Status' column shall apply. Where an activity breaches more than one Standard, the most restrictive status shall apply to the activity.

18A.3.2.3 For controlled and restricted discretionary activities, the Council shall restrict the exercise of its discretion to the matters listed in the rule.

18A.3.2.4 These following abbreviations are used in the following tables. Any activity which is not permitted (P) or prohibited (PR) requires resource consent.

P	Permitted	C	Controlled
RD	Restricted Discretionary	D	Discretionary
NC	Non Complying	PR	Prohibited

#### 18A.4 Rules – Activities

	Table 18A.4 – Activities in the General Industrial Zone	Activity Status
18A.4.1	Industrial activities and Service activities	P
18A.4.2	Office, Retail and Commercial activities that are ancillary to Industrial or Service activities	P
18A.4.3	Commercial sale of food and beverages including restaurants, takeaway food bars and Licensed Premises	P
18A.4.4	Outdoor Storage	P
18A.4.5	<p>Buildings</p> <p>Discretion is restricted to:</p> <ol style="list-style-type: none"> <li>a. external appearance, including materials and colours;</li> <li>b. landscaping at the interface of the site with adjacent roads and public places;</li> <li>c. signage platforms;</li> <li>d. lighting;</li> <li>e. the external appearance and proximity to the street front of any ancillary activities, including Office, Retail and Commercial activities;</li> <li>f. servicing, including water supply, stormwater and wastewater;</li> <li>g. access, manoeuvring, loading and car parking;</li> <li>h. location and provision of waste and recycling storage space;</li> <li>i. the contribution the building makes to the safety of the General Industrial Zone through adherence to CPTED principles; and</li> <li>j. natural hazards.</li> </ol>	RD

	<b>Table 18A.4 – Activities in the General Industrial Zone</b>	<b>Activity Status</b>
<b>18A.4.6</b>	Any alterations and additions to existing buildings that contain an Activity Sensitive to Aircraft Noise on any site located within the Queenstown Airport Outer Control Boundary or the Queenstown Airport Air Noise Boundary shall achieve those standards set out in 36.6 Airport Noise of Chapter 36 (Noise).  Discretion is restricted to:  a. the design, construction, orientation and location of the alterations or additions to achieve adequate indoor sound insulation from aircraft noise	RD
<b>18A.4.7</b>	Outdoor storage and Outdoor waste storage within any building restriction area shown on any structure plan within Chapter 27 (Subdivision and Development)	NC
<b>18A.4.8</b>	Commercial Recreation and Recreation activities	NC
<b>18A.4.9</b>	Community activities and Community Facilities	NC
<b>18A.4.10</b>	Any activity requiring an Offensive Trade Licence under the Health Act 1956 other than the “collection and storage of used bottles for sale” and “refuse collection and disposal” (as listed in that Act)	NC
<b>18A.4.xx</b>	Building Restriction Area  No building shall be located within a building restriction area as identified on the District Plan maps	NC
<b>18A.4.11</b>	Activities that are not listed in this Table	NC
<b>18A.4.12</b>	Trade Suppliers and Large Format Retail	PR
<b>18A.4.13</b>	Activities Sensitive to Aircraft Noise within the Queenstown Airport Outer Control Boundary or the Queenstown Airport Air Noise Boundary	PR
<b>18A.4.14</b>	Office, Retail and Commercial activities not otherwise identified	PR

<b>18A.4.16</b>	Visitor Accommodation, Residential Visitor Accommodation and Homestay activities	PR
<b>18A.4.17</b>	Airport	PR
<b>18A.4.18</b>	Mining activities	PR

## 18A.5 Rules – Standards

	Table 18A.5 - Standards for activities located within the General Industrial Zone	Non-compliance status
18A.5.1	<p>Ancillary Office, Retail and Commercial activities</p> <p>a. The total area used for the activity within a building shall not exceed 50 m<sup>2</sup>, excluding any outdoor area provided for in d. below;</p> <p>b. The activity shall occur within the same building as the associated Industrial or Service activity, except where provided for in d. below;</p> <p>c. For Retail and Commercial activities, only goods manufactured, fabricated, processed, packaged, distributed, maintained or repaired in association with an Industrial or Service activity may be sold from the site;</p> <p>d. Any part of the activity which stores, displays or otherwise operates outside a building shall be contained within a single area not exceeding 10 m<sup>2</sup> that directly adjoins and can be directly accessed from the building;</p> <p>e. Where the activity fronts the street and is located on the ground floor, there shall be visually transparent glazing on the elevation facing the street for a minimum of 20% of that elevation.</p> <p>Note: Any Critical Listening Environments will be assessed against those noise insulation and ventilation requirements set out in Table 5 of Chapter 36 (Noise).</p>	<p>Standard 18A.5.1a 50 – 100 m<sup>2</sup> RD &gt;100 m<sup>2</sup> NC</p> <p>Standards 18A.5.1b to 18A.5.1e RD</p> <p>For RD non-compliance discretion is restricted to:</p> <p>a. the relationship of the activity to Industrial or Service activities operating on the site;</p> <p>b. reasons why the activity could not reasonably locate in another zone;</p> <p>c. cumulative effects on industrial development capacity;</p> <p>d. reverse sensitivity effects on surrounding Industrial and Service activities;</p> <p>e. the scale of the activity in terms of the total indoor and outdoor area required, the number of staff and anticipated number of customers;</p> <p>f. the effect of the activity on access, parking and onsite manoeuvring and loading;</p> <p>g. the location of the activity on the site and within the building or unit; and</p> <p>h. visual effects including any signage, colour, materials, outdoor storage and other outdoor area associated with the activity.</p>
18A.5.2	Commercial sale of food and beverages including restaurants, takeaway food bars and Licensed Premises (excluding the sale of liquor)	NC

	Table 18A.5 - Standards for activities located within the General Industrial Zone	Non-compliance status
	<p>a. The total area used for the activity shall not exceed 60m<sup>2</sup>. This includes any area contained within a building and any area located outside of a building used for storage, display, seating or otherwise associated with the activity;</p> <p>b. Any outdoor area used for the activity shall be directly accessible from and adjoin the building containing the activity;</p> <p>c. Any Licensed Premises shall be ancillary to an Industrial activity; and</p> <p>d. Any part of a building used as a public entry, or as outdoor seating or display, for the activity shall be landscaped to distinguish its function from other activities operating on the site.</p>	
<b>18A.5.3</b>	<p>Minimum Boundary Setbacks</p> <p>a. Road boundary setbacks</p> <p>i. fronting any residential zone (including the Meadow Park Special Zone and the Large Lot Residential Zone) – 7m</p> <p>ii. all other road and State Highway boundaries – 5m</p> <p>b. Internal boundary setbacks</p> <p>i. where a site adjoins any other zone outside of the General Industrial Zone – 7m</p> <p>ii. no minimum internal setbacks are required where a site adjoins other sites within the General Industrial Zone</p>	<p>RD</p> <p>Discretion is restricted to:</p> <p>a. visual effects of the height, scale, location and appearance of the built form when viewed from adjacent sites, roads and public places;</p> <p>b. the nature of the activity, including any noise, vibration, odour, dust, glare, traffic or any other nuisance effects;</p> <p>c. landscaping and screening; and</p> <p>d. compatibility with the appearance, layout and scale of surrounding sites.</p>
<b>18A.5.4</b>	<p>Building coverage</p> <p>Maximum building coverage of 75%</p>	<p>RD</p> <p>Discretion is restricted to:</p> <p>a. site layout and the location of buildings;</p> <p>b. traffic effects of additional building coverage including adequate provision of access, onsite parking, loading and manoeuvring;</p>

	Table 18A.5 - Standards for activities located within the General Industrial Zone	Non-compliance status
		<ul style="list-style-type: none"> <li>c. visual effects of the height, scale, location and appearance of the built form when viewed from adjacent sites, roads and public places;</li> <li>d. landscaping and screening; and</li> <li>e. adequate provision and location of outdoor storage space, including waste and recycling storage and servicing areas.</li> </ul>
<b>18A.5.5</b>	<p>Building Height</p> <p>Maximum building height of 10m except where specified in Rule 18A.5.6 below.</p>	NC
<b>18A.5.6</b>	<p>Building Height – Sites adjoining or separated by a road from a Residential zone (including the Meadow Park Special Zone and the Large Lot Residential Zone)</p> <ul style="list-style-type: none"> <li>a. Maximum building height of 7m;</li> <li>b. A recession plane applies for all buildings which is inclined towards the site from a point 3m above ground level at the following angles: <ul style="list-style-type: none"> <li>i. 45° applied on the northern site boundary; and</li> <li>ii. 35° applied on all other site boundaries.</li> </ul> </li> </ul>	NC
<b>18A.5.7</b>	<p>Glare</p> <p>All lighting shall comply with the following:</p> <ul style="list-style-type: none"> <li>a. All exterior lighting, other than footpath or pedestrian link amenity lighting, installed on sites or buildings within the zone shall be directed away from adjacent sites, roads and public places, and so as to limit the effects on the night sky;</li> <li>b. No activity shall result in greater than 10 lux spill (horizontal and vertical) of light onto any adjoining property within the Zone, measured at any point inside the boundary of any adjoining property; and</li> </ul>	<p>RD</p> <p>Discretion is restricted to:</p> <ul style="list-style-type: none"> <li>a. Effects of glare on amenity values, the transportation network and the night sky</li> </ul>

	Table 18A.5 - Standards for activities located within the General Industrial Zone	Non-compliance status
	<p>c. No activity on any site shall result in greater than 3 lux spill (horizontal and vertical) of light onto any adjoining property which is zoned residential (including the Meadow Park Special Zone and the Large Lot Residential Zone) measured at any point more than 2m inside the boundary of the adjoining property.</p>	
<b>18A.5.8</b>	<p>Outdoor storage</p> <p>All outdoor storage shall comply with the following:</p> <p>a. not be located within any road boundary setbacks; and</p> <p>b. where adjoining any zone, excluding the Rural Zone, shall be screened by a solid fence at least 2m in height or by dense planting of the same height.</p>	<p>RD</p> <p>Discretion is restricted to the following:</p> <p>a. visual impacts of the material to be stored within the setback when viewed from adjacent sites, roads and public places;</p> <p>b. the nature of the activity, including any noise, vibration, odour, dust, glare or any other nuisance effects emitted from the activity;</p> <p>c. the type and volume of material to be stored;</p> <p>d. landscaping and screening; and</p> <p>e. whether pedestrian or vehicle access is compromised.</p>
<b>18A.5.9</b>	<p>Fencing</p> <p>a. Any site adjoining a residential zone (including the Meadow Park Special Zone or the Large Lot Residential Zone) shall establish a solid fence at least 2m in height, or dense planting that shall achieve the same height, along the site boundary;</p> <p>b. In the General Industrial Zone in Wanaka, the following additional standards shall apply in regard to Building Restriction areas shown on any structure plan shown in Chapter 27 (Subdivision and Development):</p> <p>i. Fences on or within 4m of open space areas shall be no higher than 1.2m</p>	<p>RD</p> <p>Discretion is restricted to the following:</p> <p>a. visual impacts of the material to be stored when viewed from adjacent sites, roads and public places;</p> <p>b. the nature and scale of the activity;</p> <p>c. the type and volume of materials to be stored; and</p>

	Table 18A.5 - Standards for activities located within the General Industrial Zone	Non-compliance status
	<p>ii. This standard shall not apply to fences which are at right angles to the boundary of the open space area.</p> <p>c. No razor wire or barbed wire shall be used on any fencing.</p>	<p>d. landscaping and screening.</p>

## 18A.6 Non-Notification of Applications

**18A.6.1 The following restricted discretionary activities shall not require the written approval of other persons and shall not be notified or limited-notified:**

18A.6.1.1 18A.6.1.1 Buildings

18A.6.1.2 18A.6.1.2 Ancillary Office, Retail and Commercial Activities

**18A.6.2 The following restricted discretionary activities will not be publicly notified but notice may be served on those persons considered to be adversely affected if those persons have not given their written approval:**

18A.6.2.1 Additions and alterations to buildings within the Outer Control Boundary - Queenstown Airport

# Variations to the Proposed District Plan

Underlined text for additions and ~~strike through~~ text for deletions.

## Variation to Chapter 25 - Earthworks

25.5.5	<u>General Industrial Zone</u>	500m <sup>3</sup>
--------	--------------------------------	-------------------

## Variation to Chapter 27 - Subdivision and Development

### General Industrial Zone

27.3.13 Objective - Subdivision within the General Industrial Zone enables the establishment, operation and long term viability of Industrial and Service activities which cannot locate elsewhere in this District, including those Industrial and Service activities which require larger buildings and more space for the purpose of manoeuvring, loading and vehicle parking.

### **Policies**

27.3.13.1 Enable subdivision and development within the General Industrial Zone that provides for the establishment, operation and long term viability of Industrial and Service activities by ensuring any new lots created are capable of accommodating activities and development that is anticipated by the Zone standards.

27.3.13.2 Recognise and provide for subdivision activities which create smaller lot sizes than anticipated within the General Industrial Zone where there is a demonstrated need for Industrial and Service activities on lots of that size and where it can be shown that the lots could viably provide for their long term functional needs.

27.3.13.3 Ensure any new subdivision provides adequate road access, onsite parking, loading and manoeuvring suitable for the activities anticipated to establish within the lots.

27.3.13.4 Ensure any new subdivision integrates well with current and future transport networks, including roads and public and active transport systems by managing the functional layout and arrangement of lots and their access.

27.3.13.5 Ensure subdivision only occurs where the necessary infrastructure exists to service the lots.

27.3.13.6 Avoid subdivision that creates lots of a size and layout that limit the intended function of the General Industrial Zone to provide for the long term establishment, operation and long term viability of Industrial and Service Activities.

### **Connell Terrace Structure Plan**

27.3.13.7 Ensure subdivision is consistent with the Connell Terrace Structure Plan by requiring;

- a. landscaping and on-going maintenance of the Building Line Restriction Area shown on the Connell Terrace Structure Plan; and
- b. a roading layout that is consistent with the Connell Terrace Structure Plan.

### **Ballantyne Road Structure Plan**

27.3.13.8 Ensure subdivision is consistent with the Ballantyne Road Structure Plan by requiring;

- a. landscaping and on-going maintenance of the Building Line Restriction Area shown in the Ballantyne Road Structure Plan; and
- b. a roading layout that is consistent with the Ballantyne Road Structure Plan.

## **27.5 Rules – Subdivision**

27.5.7	<p>All urban subdivision activities, unless otherwise provided for, within the following zones:</p> <p>...</p> <p><u>10. General Industrial Zone</u></p> <p>Discretion is restricted to:</p> <ul style="list-style-type: none"> <li>a. subdivision design and any consequential effects on the layout of lots and on lot sizes and dimensions;</li> <li>b. Internal roading design and provision, relating to access to and service easements for future subdivision on adjoining land, and any consequential effects on the layout of lots, and on lot sizes and dimensions;</li> <li>c. property access and roading;</li> <li>d. esplanade provision;</li> <li>e. the adequacy of on site measures to address the risk of natural and other hazards on land within the subdivision;</li> <li>f. fire fighting water supply;</li> <li>g. water supply;</li> <li>h. stormwater design and disposal;</li> <li>i. sewage treatment and disposal;</li> <li>j. energy supply and telecommunications, including adverse effects on energy supply and telecommunication networks;</li> <li>k. open space and recreation;</li> <li>l. ecological and natural values;</li> <li>m. historic heritage;</li> <li>n. easements.</li> </ul> <p>For the avoidance of doubt, where a site is governed by a Structure Plan, that is included in the District Plan, subdivision activities shall be assessed in accordance with <u>the rules in Table 27.7</u> <del>Rule 27.7.1.</del></p>	RD
--------	---	----

**27.6 Rules - Standards for Minimum Lot Areas**

**27.6.1 No lots to be created by subdivision, including balance lots, shall have a net site area or where specified, an average net site area less than the minimum specified.**

Zone		Minimum Lot Area
<u>General Industrial</u>		<p><u>1000m<sup>2</sup></u></p> <p><u>Except:</u></p> <p><u>Subdivision of lots between 1000m<sup>2</sup> and 500m<sup>2</sup> shall be a discretionary activity.</u></p>

Zone	Minimum Lot Area
	<u>Subdivision of lots less than 500m<sup>2</sup> shall be a non-complying activity.</u>

### 27.13.8 Ballantyne Road Structure Plan

# Ballantyne Road Structure Plan

Layout of Roads, Connections and Building Restriction Areas

## Variation to Chapter 29 - Transport

### Policies

- 29.2.4.9 Ensure the location, design, and layout of access, manoeuvring, car parking spaces and loading spaces of Industrial activities, Service activities and vehicle-orientated commercial activities, such as service stations and rural selling places, avoids or mitigates adverse effects on the safety and efficiency of the adjoining road(s) and provides for the safe movement of pedestrians within and beyond the site, taking into account:
- The relative proximity of other accesses or road intersections and the potential for cumulative adverse effects; and
  - The ability to mitigate any potential adverse effect of the access on the safe and efficient functioning of the transport network.

**Table 29.3 – Standards for activities outside of roads**

	<b>Table 29.3 - Standards for activities outside roads</b>	<b>Non-compliance status</b>						
<b>29.5.10</b>	<p><b>Loading Spaces</b></p> <p>a. Off-street loading shall be provided in accordance with this standard on every site in the <u>General Industrial Zone, Business Mixed Use Zone, the Town Centre zones, and the Local Shopping Centre Zone</u>, except in relation to unstaffed utility sites and on sites where access is only available from the following roads:</p> <ul style="list-style-type: none"> <li>• Queenstown Mall</li> <li>• Beach Street</li> <li>• Shotover Street</li> <li>• Camp Street</li> <li>• Rees Street</li> <li>• Marine Parade</li> <li>• Church Street</li> <li>• Earl Street</li> <li>• Ballarat Street</li> <li>• Memorial Street</li> <li>• Helwick Street</li> <li>• Buckingham Street.</li> </ul> <p>b. Every loading space shall meet the following dimensions:</p> <table border="1" data-bbox="300 1765 986 2018"> <thead> <tr> <th></th> <th><b>Activity</b></th> <th><b>Minimum size</b></th> </tr> </thead> <tbody> <tr> <td>(i)</td> <td>Offices and activities of less than 1500m<sup>2</sup> floor area not handling goods and where on-street parking for occasional delivery is available.</td> <td>6m length 3m wide 2.6m high</td> </tr> </tbody> </table>		<b>Activity</b>	<b>Minimum size</b>	(i)	Offices and activities of less than 1500m <sup>2</sup> floor area not handling goods and where on-street parking for occasional delivery is available.	6m length 3m wide 2.6m high	<p>RD</p> <p>Discretion is restricted to:</p> <ol style="list-style-type: none"> <li>The location, size, and design of the loading space and associated manoeuvring.</li> <li>Effects on safety, efficiency, and amenity of the site and of the transport network, including the pedestrian and cycling environment.</li> </ol>
	<b>Activity</b>	<b>Minimum size</b>						
(i)	Offices and activities of less than 1500m <sup>2</sup> floor area not handling goods and where on-street parking for occasional delivery is available.	6m length 3m wide 2.6m high

(ii)	All other activities except residential, visitor accommodation, and those listed in Rule 29.5.13(ii)(a) above.	9m length 3.5m wide 4.5m high	
<p>c. Notwithstanding the above:</p> <p>i. Where articulated trucks are used in connection with any site sufficient space not less than 20m in depth shall be provided.</p> <p>ii. Each loading space required shall have unobstructed vehicular access to a road or service lane.</p> <p>iii. Parking areas and loading areas may be served in whole or in part by a common manoeuvre area, which shall remain unobstructed.</p>			

## 29.8 Minimum Parking Requirements

Table 29.4			
	Minimum Parking Requirements,	Resident/ Visitor	Staff/ Guest
29.8.19	Industrial activity or service activity, other than where the activity is more specifically defined elsewhere in this table (Table 29.5)	0	<p>1 per 50m<sup>2</sup> of indoor and outdoor area/ GFA; except  1 per 100m<sup>2</sup> of GFA used for warehousing and indoor or outdoor storage (including self-storage units); and  1 per 100m<sup>2</sup> of GFA for distribution centres</p> <p><u>Note: In the General Industrial Zone parking spaces will also be required for any ancillary Office, Retail or Commercial activity pursuant to rules for those activities.</u></p>

## Variation to Chapter - 36 Noise

### 36.5 Rules – Standards

Table 3: Specific Standards

Rule Number	Specific Standards				Non-compliance Status
	Activity or sound source	Assessment location	Time	Noise Limits	
<b>36.5.15</b>	<p><u>Sound from activities in the General Industrial Zone.</u></p> <p><u>Note: For the purpose of this rule, a road that is located outside this zone is not deemed to be a “site outside this zone” and, as such, the noise levels specified in a above may be exceeded on road reserves adjacent to this zone.</u></p>	<p><u>At any point within any site located in any other zone.</u></p>	<p><u>Refer to standard relevant to the zone in which noise is received.</u></p>	<p><u>Refer to standard relevant to the zone in which noise is received.</u></p>	<u>NC</u>

### 36.7 Ventilation Requirements for other Zones (Table 5)

The following table (Table 5) sets out the ventilation requirements in the Wanaka and Queenstown Town Centre Zones, the Local Shopping Centre Zone, General Industrial Zone and the Business Mixed Use Zone.

Table 5

Room Type	Outdoor Air Ventilation Rate (Air Changes Room Type per Hour, ac/hr)	
	Low Setting	High Setting
<b>Bedrooms</b>	1-2 ac/hr	Min. 5 ac/hr
<b>Other Critical Listening Environments</b>	1-2 ac/hr	Min. 15 ac/hr
Noise from ventilation systems shall not exceed 35 dB $L_{Aeq(1\ min)}$ , on High Setting and 30 dB $L_{Aeq(1\ min)}$ , on Low Setting. Noise levels shall be measured at a distance of to 2 m from any diffuser.		
Each system must be able to be individually switched on and off and when on, be controlled across the range of ventilation rates by the occupant with a minimum of 3 stages.		
Each system providing the low setting flow rates is to be provided with a heating system which, at any time required by the occupant, is able to provide the incoming air with an 18 °C heat rise when the airflow is set to the low setting. Each heating system is to have a minimum of 3 equal heating stages.		
If air conditioning is provided to any space then the high setting ventilation requirement for that space is not required.
