Mike Theelen

CHIEF EXECUTIVE

Regular rabbit control operation in Shotover Cemetery and Gibbston Reserve

Queenstown Lakes District Council (QLDC) has employed the services of a professional contractor to carry out rabbit control in Shotover Cemetery on Spence Road and Gibbston Reserve, to further reduce rabbit numbers and their negative impact on residential property and vegetation in the areas.

Control will be carried out in both areas at night on the last Friday of every month, starting on Friday 25 October and running through until the end of June 2025. These operations will begin at 8.00pm and are expected to take an estimated four hours to complete.

Experienced professional contractors will carry out the night shooting operation within a cordoned off area. Signage and personnel will be at all main entry points to ensure no one can enter the area during the operation.

- Please respect the cordon and DO NOT ENTER when signage and personnel are present.
- The cemetery and reserve will be closed when operations are underway. If members of the public are asked to leave the area for their safety, please do so.
- Police have been notified of this rabbit control operation.
- Please be aware that noise from firearms, which are suppressed, might be heard outside Shotover Cemetery Reserve and the Gibbston Reserve.
- In the event of wet weather, shooting will take place the following night.

More information:

Residents and businesses in nearby neighbourhoods will be notified via a letter drop with details of the rabbit control operation.

For up-to-date information on scheduled night shoots please go to www.qldc.govt.nz/pest-control and follow QLDC's Facebook page.
