

## Consultation on proposed changes to user fees and charges

Queenstown Lakes District Council has completed its annual review of user fees and charges and is now seeking public submissions on proposed changes.

Council provides a range of user pays services throughout the district. These fees and charges allow Council to pass on some costs to those who use and directly benefit from these services and facilities, reducing the amount of funding that needs to be collected through rates.

Following a review of income for the 2025-2026 financial year, adjustments have been proposed for the following activities:

- Sport and recreation
- Planning and development
- Parking
- Wānaka Airport landing and parking fees
- Dog registration fees

A Statement of Proposal and full schedule of fee changes is available at the following places:

- Online <https://letstalk.qldc.govt.nz>
- At Council offices, libraries and recreation centres across the district
