Queenstown,
New Zealand

Tēnā koe,

In accordance with Clause 7.6 of the Concession Agreement between Shotover Jet Limited (SJJ) and Queenstown Lakes District Council (QLDC), we are notifying the Council of our intent to increase the prices for rides on the Shotover Jet, effective 1st October 2024.

Per the agreement, this increase is subject to Council consultation and approval. The proposed price adjustments are detailed in this table:

	Current	Proposed
Adult	\$159	\$169
Child	\$89	\$95
Family	\$407	\$433

The rationale behind this adjustment is to address the rising operational costs, particularly in fuel and labour.

We kindly request your review and approval of the proposed increase. Please feel free to reach out if you have any questions or require further information.

Thank you for your attention to this matter.

Ngā mihi,

Donald Boyer
